## International Practice Lead

As the leader of the firm's International practice, Teresa works with global companies expanding to the U.S., and offers an array of services to match the unique needs of foreign-owned subsidiaries as they establish and grow. Extending far beyond financial and tax reporting, our team provides solutions tailored to each phase of business operation and expansion. Clients span from traditional manufacturers to high-tech mobility companies from all corners of the globe. As such, the team's targeted consulting and cloud-based solutions allow clients to focus on their mission-critical and industry-specific operations to grow their business in the U.S. and globally.
