Advisory & Assurance

As a manager in the firm's advisory & assurance department, Jake focuses on managing financial audits and reviews for closely held businesses, including project planning, oversight, execution and reporting. Jake joins the Clayton & McKervey team with six years of accounting experience working with clients in the governmental, manufacturing & distribution, construction and professional services space. His broad experience includes a variety of small, medium, and large-sized public and private entities. As a trusted advisor, Jake assists his clients in navigating industry changes, which includes implementing and adhering to new accounting standards. Jake is passionate about working closely with his clients to provide value-added solutions to each project.
